

I love these photo-comparisons!

I'm not sure if I have linked to that page showing Ottawa Now and Then photos that allow you to "slide" the old and new images, taken from the same vantage point. I tried googling it but I didn't find it right away so I'll do that later!

Here is one from [Paris](#) with photos from 1900-2013! Sometimes the only difference is the fashion!
